

Invitation from West Nairobi School, Nairobi, Kenya  
Gregg McNeil

To: Faith Covenant Church

**Opportunity:** FCC is invited to partner with WNS to lead the Elementary Spiritual Emphasis Week (SEW). SEW happens twice a year, where students and staff devote time to evangelism and discipleship. SEW can take many forms and is largely up to the team to organizing SEW. It looks a lot like VBS. It can be around a theme, include whole group lessons, small groups, crafts and games.

There is a chapel that can sit 125 people, a gymnasium and a field.

We can take as large a group as you can send. There are about 100 kids so the more help the better. Teachers will also help but the idea is the team leads it.

*If husbands want to come but not necessarily help with SEW we have work projects around campus if they are interested.*

**Dates:** SEW is October 22-26, 2018 SEW usually runs in the morning, classes in the afternoon. Friday afternoon could have a school wide worship to share what the elementary has done. Start and finish date will depend on the travelling time and any excursions the team might like to explore.

**COST:** (these are the major costs)

Flights: The most direct flight has been known to cost \$1,700.00

Tourist Visa is \$50 USD

SEW Supplies: This depends on what the team is planning. Be prepared to bring craft supplies and SEW supplies with you as they are not readily available and if so are expensive.

Accommodation: No expenses –staying with school staff. Lunch provided by school. Probably costs for other meals.

Transportation while in Kenya: no cost –school will arrange transportation

Excursion cost depends on what the team chooses.

If you are interested Please speak to Verle Bend or Marlene Swan.

Mission Committee is planning a meeting with interested people the third week of June.
